To Whom It May Concern:

We have partnered with Chailland Business Services since February, 1998. In the beginning, with just a handful of employees, Chailland was our payroll and human resource function. In one package, I was able to bundle payroll, worker's compensation insurance and an employee benefit program saving us time and money and affording me the opportunity to recruit prospective employees with an attractive benefit plan and concentrate on growing my business. Today, with 20+ employees, the same holds true and the availability of in-house legal counsel, an on-call nurse for worker's compensation issues and the continued addition of benefits has enabled us to focus on our main business line and trust our payroll and human resource functions to Chailland's.

Sincerely,

Frank Clements
President
